

System Usability Scale (SUS)

Thank you for taking part in this evaluation. After the short training session and your interactive session with the tool, please rate your experience using the 10 statements below. There are no right or wrong answers, we are interested only in your immediate impression.

For each statement, tick the box that best reflects how much you agree, on a scale from 1 (strongly disagree) to 5 (strongly agree). Please respond to every item; if you are unsure, tick the box that feels closest to your reaction rather than leaving it blank.
